# OKI! WELCOME TO THE UNIVERSITY OF LETHBRIDGE

Our University's Blackfoot name is Iniskim, meaning Sacred Buffalo Stone. We are located on traditional Blackfoot Confederacy territory. We honour the Blackfoot people and their traditional ways of knowing in caring for this land, as well as all Indigenous Peoples who have helped shape and continue to strengthen our University community.

Surrounded by breathtaking natural beauty, the University of Lethbridge is consistently one of Canada's top-ranked universities and leading research institutions.

We are home to renowned faculty members who bring their research into the classroom; leading research centres and institutes across disciplines; and extraordinary facilities, including Canada's most advanced facility for science research and education.

With more than 8,500 students from nearly 90 countries, we are large enough to deliver world-class programs, teaching and research, yet small enough to provide you with a personalized student experience and all the support services you need to succeed.

# Our University's motto is **Fiat Lux**, Latin for "Let there be light."

Although Lethbridge is one of Canada's sunniest cities, the phrase refers to the illumination that comes from learning, teaching, research and most importantly – you – and your potential to make an important difference in the world.

The world needs change-makers, difference seekers and champions for environmental sustainability, reconciliation and innovation — individuals with diverse skill sets who can work together to solve complex problems.

**The world needs you.**

At ULethbridge, you will prepare to excel in a time of global disruption. You'll learn to think about issues from all angles as you navigate challenges, appreciate differences, work in new ways and collaborate for the greater good.

Your professors are renowned researchers who invite you, even as early as your first year, to take part in their work. You'll have many opportunities to discover the world and explore work experiences before you graduate while receiving the support you need to succeed throughout your educational journey. You'll be prepared for the careers of tomorrow.

## Making campus safe and inclusive

The **Equity, Diversity and Inclusion (EDI) team** works collaboratively with the campus community to build a common understanding and a shared vision to move ULethbridge forward. Building an inclusive culture is a collective responsibility that can only be achieved by disrupting and dismantling systemic issues that hinder the growth of historically excluded groups.

*ULethbridge's first executive director of equity, diversity and inclusion, **Martha Mathurin-Moe** (top), with EDI project manager **Nando Ortega Arango**.*

# EXPERIENCE FOR EVERYONE

**Did you know?** 100% of ULeithbridge students can take part in work-integrated learning opportunities that are recorded on your MyExperience Transcript!

Gain first-hand experience, develop new skills and learn to apply your knowledge so you are prepared for the future.

The world needs people who can adapt to the jobs of the future. A ULEthbridge education is about far more than what you learn in a classroom; it teaches you how you apply it.

The **MyExperience Transcript** is a record of your experiences that can't be captured on an academic transcript but are key to preparing you for the world of work. These opportunities take place on- or off-campus and cover a variety of experiential learning opportunities,

emphasizing leadership, research, creativity and innovation, global citizenship, work-integrated learning, community service, as well as certifications and workshops.

**During the 2021-22 academic year, 689 virtual events and workshops were offered, managed or hosted in the MyExperience calendar with 4,158 unique student registrations.**

Deanna Andreschefski's most memorable ULEthbridge experience was being a part of the 2021 archeological field school at Head-Smashed-in Buffalo Jump.

"We got to live in tents at a campground a few kilometres from the site, and we excavated almost every single day. I'm so glad to have been a part of this team! I made some lifelong friends, and we, as a team, made some amazing discoveries."

**Deanna Andreschefski (BSc '22)**

Bachelor of Science graduate  
Archeology and Geography

**Read  
Deanna's story**

## How can you access your MyExperience Transcript?

Through [myexperience.ulethbridge.ca!](https://myexperience.ulethbridge.ca)

### It features:

- A searchable catalogue of opportunities for you to explore.
- Opportunities and experiences that fulfill specific learning outcomes or competencies.
- A self-reflection tool of the skills and the vocabulary you have gained.
- A calendar of events and workshops for professional and personal development.
- The MyExperience Transcript was made to share a record of your experiences with employers.

# JUST A FEW WIL (WORK-INTEGRATED LEARNING) OPPORTUNITIES

As Canada's job-market evolves, ULeithbridge is working hard to make sure you are prepared. We offer exceptional work-integrated learning, experiential learning and career services so every student can benefit from outstanding academic and professional development experience.

ULeithbridge Calgary campus student, Lionel Migrino (BMgt '22), was awarded the 2021 Co-operative Education and Work Integrated Learning Canada Student of the Year.

His co-operative education work placement called for leaders at Pembina Pipeline Corporation to see the ability in disability. As someone who lives with cerebral palsy, this work was personal.

"I want people to address how they can help people reach their full potential. How can they empower ability? All I want is for people to see that ability in disability because we're all capable, it's just if people will give us an opportunity."

**Lional Migrino (BMgt '22)**  
Bachelor of Management graduate  
Human Resources and Labour Relations

**Read Lionel's story**

## New WIL Learning Opportunities

**Applied studies** are customized WIL courses that give students academic credit for combining work (paid or volunteer) and academic studies relevant to their program.

**The Crooks Work-Integrated Learning Program in Liberal Education** gives students the chance to apply what they learn in the classroom to a paid-work setting. Students will develop their professional skills through these practical hands-on experiences, whether in research, volunteer or community roles with local organizations.

**The Fine Arts Experiential Student Success Fund** empowers students to participate in professional training and research initiatives to apply and expand their skills, network with potential employers and explore career options.

**Work2Learn** | Recognizing the financial demands students face and the difficulty of finding part-time jobs, ULeithbridge created Work2Learn. By investing in paid, WIL positions in Student Affairs, students can work on campus for five to 10 hours per week for a competitive hourly rate.

## #2 Experiential Learning Opportunities for Students

Maclean's University Rankings, 2022  
Primarily undergraduate classification

ULeithbridge Career Bridge documented a total of 204,062 work-integrated learning placement hours logged by 1,018 unique students in 2,104 different experiences during the 2021-2022 academic year!

**Mark Lea immersed himself in ULeithbridge's liberal education foundation to improve his intellectual and practical skills. He has completed independent and applied studies in chemistry while continuing to pursue his love of music.**

"The liberal education foundation has allowed me to improve my intellectual and practical skills. I have appreciated the emphasis placed on engaging with different instructors in a research setting. It is an incredible experience to work with experts who have dedicated their lives to their field and have the desire to share their knowledge with others."

**Mark Lea**  
Bachelor of Science student  
Chemistry

**Read Mark's story**

Last year, Blackfoot artist and ULeithbridge student, **Chataya Holy Singer** designed a t-shirt for ULeithbridge in collaboration with the City of Lethbridge in recognition of the first National Day for Truth and Reconciliation.

“The significance of the design weaves the educational journey for Indigenous students and resiliency through the past, present and future.”

Through this experience, Chataya was contacted by organizers at the Moonlight Run to design their 2022 logo. The logo symbolizes the reciprocity of life and balance, and is based on the buffalo, the prominent figure in Blackfoot culture. She added the Matapi symbol at the top, to represent the Blackfoot people and human beings.

“I use my art as a way to express my identity, creating works that reflect my spiritual beliefs, and traditional skills as a healing practice derived from my ancestors directly down the line. My art conveys themes of spirituality, traditional culture, language, and Indigenous worldview as I continue to learn about the Blackfoot way of life and integrating that knowledge into my work.”

**Chataya Holy Singer**  
Bachelor of Fine Arts student  
Indigenous Art (Art Studio)

Watch Chataya's digital story

Straight out of high school, Gabriel Fisher entered the trades with the goal of becoming an electrician. After

being injured on the job, Gabriel had to take time off to recover and discovered a passion for finance and investing.

He enrolled in the Dhillon School of Business at ULethbridge, allowing him to physically recover and prepare for the future. Although his interest in finance hasn't waned, Gabriel decided that accounting was more aligned with his personal values of helping people and supporting his community.

"When I changed my degree to accounting, I decided to take part in a co-op. Many of the accounting firms have a positive relationship with ULethbridge; this allowed me to network with multiple accounting firms in southern Alberta in a short period of time. Ultimately, I secured an eight-month co-op at MNP and have been learning something new every day. I will be pursuing my chartered professional accountant designation with them after I graduate."

**Gabriel Fisher**

Bachelor of Management student  
Accounting

Watch Gabriel's digital story

**Jenn Biglin found a way to use pop culture in her Professional Semester III project and the result was not only a hit with her students, but she was one of the recipients of the Wigham Family Professional Inquiry Project Award.**

After discovering that the school where she was doing her practicum had a focus on enhancing students' vocabulary, Biglin wanted to assist with that goal.

"I had noticed that when I integrated popular television shows or popular aspects of pop culture into my lessons, engagement was much higher."

Jenn envisions being able to use the project in her own English classroom one day.

"Not only do I think it gives autonomy to the students, but it adds a presence of 'youth-ness' to the classroom. I think it will teach kids to be conscious of the words used in their favourite pop culture items and that they do not need to feel insecure when they do not know a word because they will have the tools to find what it means from context, if need be."

Jenn presently has a temporary assignment teaching physical education in the United Kingdom.

**Jenn Biglin (BA '20, BEd '22)**

# 5 CAREER MESSAGES FOR NEW STUDENTS

1

## It's ok not to know

You don't have to have a five or ten-year plan in order to be successful at university. Now is the time to learn more about yourself.

2

## Curiosity is your guide

Curiosity is a great starting place if you are unsure about your future. Start by choosing a major that genuinely interests you.

3

## Become an explorer

Explore the things you are curious about by engaging fully in the multitude of opportunities ULethbridge provides you.

4

## Collect experiences

Successful students know they need applicable experience on top of their degree. Pursue experiences that help you further develop your areas of interest and curiosity.

5

## Find your people

Be open to new opportunities. Being too focused can be as detrimental as having no focus.

**DID YOU KNOW?**

The average salary of ULeithbridge co-op students is **\$25.77/hour**. The national average is **\$21.03**.<sup>1</sup>

**95%** of ULeithbridge co-op students received positive evaluations.<sup>1</sup>

**Median income** overall for undergraduates: **\$51,525**<sup>2</sup>

**83%** said their job was related to the subject area they studied<sup>2</sup>

While some students join ULeithbridge knowing exactly what they want to take and having a future career in mind, don't worry if you don't have it figured out yet.

**You will figure it out. Career Bridge at ULeithbridge can help!**

- Consider booking a career counselling appointment to explore self and interests
- Reflect on your life (What ideas inspire you? What contribution would you like to make in your community? Which issues are you passionate about? Who do you admire?) Then, meet with an advisor to explore program options that reflect your deepest interests
- Try co-op, applied studies, independent studies, UVolunteer and regularly look at the MyExperience job board and calendar
- Get mentorship through co-op, join clubs with people who share your interests etc.

<sup>2</sup> ULeithbridge Graduate Outcomes Survey, Class of 2017/2018

# LIVING & LEARNING COMMUNITIES

## Career Kickstart Cohort (CKC)

The CKC will help you make the most of your studies and career-building opportunities at ULethbridge. There are several milestones to achieve as a university student before reaching the ultimate goal of leveraging your studies and experiences into a fulfilling career.

Through the CKC, you will access career and professional development activities as well as experiential and work-integrated learning opportunities. Discover unknown skills and passions, define meaningful career options and challenge yourself to explore new interests and intersections between work, life and learning.

## Dhillon School of Business Edge (DSB Edge)

DSB Edge is for students enrolled in a Bachelor of Management program and who are joining ULethbridge directly from high school. As part of DSB Edge, you'll have a built-in community that enhances academic performance

and social success. You'll make friends, find study partners, develop resilience, and fine-tune your interpersonal skills.

Gain exclusive access to a special DSB Edge student orientation, leadership development opportunities, networking events and other student activities. Most importantly, you will be a part of a tight-knit community of business-minded students.

## The High School Youth Researcher Summer program (HYRS)

HYRS is a six-week consecutive program that runs each summer. Students gain hands-on science experience working on a multidisciplinary project with a team of PhD, master's and undergraduate students – plus a stipend. This is a day program, students who participate in HYRS do not live on campus.

## Early Start Experience (ESE)

Take a liberal education course for full credit before the start of the Fall 2023 term! Liberal education teaches you how to think critically and become a global citizen.

The Early Start Experience (ESE) promotes success and eases the transition from high school to university while giving you credit for your degree. Get to know the Lethbridge campus, meet fellow students and your professors, and learn about the resources we offer.

The ESE is open to ULEthbridge students in all bachelor's degree programs. Students who live off-campus can still take part.

Don't take our word for it, hear what ESE students had to say about their experience!

*Note: This video was created during the pandemic, but ESE will be offered in-person in Fall 2023.*

If you apply to any of our living and learning communities by the deadline, and pay your deposits, **you are guaranteed a bed in residence!**

# WHAT DO EMPLOYERS WANT?

According to Forbes, employers want “human skills” and look for people who:

- Learn on the job
- Know how to learn, often under pressure
- Investigate, question assumptions, collect evidence
- Make informed and reasoned decisions
- Communicate effectively
- Take action

What employers want is also what our society needs: thoughtful, creative thinkers and problem solvers with skills to tackle complex issues, predict the consequences of their decisions and act in the public good.

At ULethbridge, you will learn to think critically and creatively, develop new skills quickly and become resourceful and resilient. You'll learn to communicate clearly, work collaboratively, solve complex problems and contribute to your community as a global citizen and leader.

**Learning transferable, critical-thinking skills will help you adapt to careers of the future — whatever they may be.**

## How did the liberal education you received at ULethbridge prepare you for your career?

“Liberal education encouraged me to take courses that I likely would have otherwise overlooked. One course, Exploring Creativity, forced me to move outside of my comfort zone to focus on my own creativity and imagination. I walked away with a new sense of confidence and understanding of myself. Now in my career, being able to draw on areas outside my field has help me so much; for example, when writing educational materials and patient communication, engaging in the artistic side of hands-on dentistry or creating lectures for dentistry students. Liberal education has had a huge impact on my education and career as well as in my personal life.”

**Dr. Fern Leavens (BSc '13)**

ULethbridge 2021 Young Alumna of the Year

“During my time at ULethbridge, I developed a lot of base skills in many different areas. It’s really helped me be versatile. For my business, I do all my own product photography, social media, website design and marketing.

After going through the new media program, it’s been so beneficial for me to start my own brand, because I haven’t had to reach out to any other experts or professionals. It’s made it very accessible to start a business.”

**Victoria Steffensen (BFA '20)**

Owner, Brindle Dixie Designs

# CALGARY CA

## Accelerate your degree

With access to courses year-round on our Calgary Campus, you can stay on track with your program, or complete your degree sooner than expected — regardless of which campus you call home.

# CAMPUS

Connecting the University of Lethbridge with Calgary's East Village and the downtown core, the Calgary Campus offers flexible programs developed with the working professional in mind.

Our location and delivery methods are designed for maximum flexibility with your personal schedule. If you are looking to upgrade your skillset and credentials to advance your career, our ULethbridge Calgary Campus is well-suited for the working adult.

We know your life is complicated; you need a comprehensive learning experience to up-skill as quickly as possible and improve your job prospects. We offer face-to-face and blended instruction evenings and weekends, with some courses offered exclusively online.

**To learn more about our Calgary Campus, visit our website.**

## **New for Fall 2023!**

### **University of Lethbridge/Bow Valley College Integrated Pathway**

Newly admitted high school students can complete a ULethbridge Bachelor of Management (General Management) degree and BVC Business Administration Diploma (Supply Chain Management) in four years. Students will take classes simultaneously through both institutions while following a shared curriculum for both credentials. This is the only ULethbridge program with daytime classes on the Calgary Campus.

### **Calgary Campus Programs**

Visit the website for a list of programs available on the Calgary Campus.

## **Calgary Students' Association (CSA)**

The CSA is a non-profit, student-led club available to all students on the Calgary Campus. The CSA hosts social, community outreach, networking and career-building events focused on creating a fun and welcoming environment for students to grow socially and professionally. Every student on the Calgary Campus is welcome and encouraged to attend all CSA events.

## **Student Supports**

Students at our Calgary Campus have access to services including enrolment advising, academic advisors and learning supports. Our Calgary Campus delivery methods and supports are tailored to working adults. Students who are looking to apply directly from high school should consider opportunities at our Lethbridge Campus.

# INNOVATIVE OFFERINGS

## Certificate in Arts and Science

The Certificate in Arts and Science is a gateway for students to complete a university credential faster than a standard degree. To apply, students need a passing grade in English Language Arts 30-1 (or an equivalent), or they can access it through the Post-Secondary Admission Route. Students can test the waters of post-secondary education on a part-time or full-time basis, choosing

either an arts or science stream. At the completion of this ten-course program, they can apply to ladder their certificate into a degree.

## Dual Credit

Dual credit is an opportunity for students in high school to take university entry-level courses while still attending high school. It introduces students to the rigors of post-secondary to ease the transition to university life and eventually to the workplace. Students will earn the usual five credits for a high school course and a three-credit course from ULethbridge.

As of Spring 2022, 433 students have participated in dual credit courses, with 167 dual credit participants joining ULethbridge for further studies.

## Finance Diploma

Newly offered by the Dhillon School of Business, the Finance Diploma is a two-year (20-course) university credential without a four-year degree commitment. The diploma will prepare students for entry- and mid-level management positions. This program is suitable for anyone with at least a high school education and who

wants to build on their financial knowledge or pursue a professional designation in finance (i.e., GFA, QAFP, or CFP).

## Professional Degree Completion

Students who complete a professional degree in dentistry, law, medicine, social work or veterinary medicine at another institution following three years of approved full-time study at ULethbridge may qualify to receive their bachelor's degree. This pathway is limited to the Faculty of Arts & Science and all 30-course programs must be first approved by the dean on a case-by-case basis. If your goal is to pursue one of these professional degrees, this may be a great choice. Consult with an academic advisor early in your program to help you navigate this route and seek your dean's approval.

# ADDITIONAL ADMISSION ROUTES

## Indigenous Student Success Cohort (ISSC)

The Indigenous Student Success Cohort (ISSC) is a first-year credit program providing Indigenous students who don't meet the general entrance requirements of ULEthbridge an opportunity to find success at university. The ISSC supplies core skills in a supportive environment attending to Indigenous Ways of Knowing and Learning.

It is also open to Indigenous students returning to university after an absence and, as space allows, to those who qualify for general admission but want the support provided by the group. Successful completion of the ISSC allows you to enter most ULEthbridge programs. This is a full-time university program that may qualify for loans and other sources of funding. This eight-month (two-term), first-year experience program runs from September to April. It supplies a strong foundation of courses that can be credited to most programs at ULEthbridge. The deadline to apply to the ISSC is August 31.

## Mature Student Admission

Mature student admission may be available to applicants who are 21-years of age or older and who do not meet our general admission standards. Life achievement may be considered if it has provided you with skills relevant to university success.

## International Students

ULEthbridge is home to almost 1,000 international students from nearly 90 countries. For the most part, applicants who have completed secondary qualifications in other countries will be considered for admission under the high school admission route. Visit our website for requirements specific to your country.

Non-native English speakers need to pass an English language proficiency test or take English for Academic Purposes (EAP) before they can enroll in classes.

**The application deadline for international students is June 15** and a study permit is needed. We are here to help you adapt to campus life socially, academically and culturally.

## Dual Admission

Dual admission agreements with the College of the Rockies and Medicine Hat College mean students can easily transfer to ULEthbridge. Students are admitted to ULEthbridge while still attending college, and benefit from continuing student registration privileges, certainty on program requirements, transferability of courses and access to ULEthbridge student services.

# OUR FINANCIAL ADVANTAGE

## Dollars & common sense

Affordable tuition ULethbridge tuition and fees are still the lowest of the comprehensive academic and research universities in Alberta for domestic undergraduate students. This is based on a typical course load for one year, five courses per semester or 10 courses over the academic year.

### Domestic Undergraduate Tuition Fee comparisons - Bachelor of Arts or equivalent

| Institution | 2022-23 Tuition | 2022-23 Fees | 2022-23 Tuition + Fees |
|-------------|-----------------|--------------|------------------------|
| ULethbridge | \$6,093         | \$1,591      | \$7,684                |
| UAlberta    | \$6,517         | \$2,152      | \$8,669                |
| UCalgary    | \$6,598         | \$1,408      | \$8,006                |
| Athabasca U | \$5,760         | \$2,222      | \$7,982                |

### Average Rental Costs by City, July 2022 \*

| City       | 1 Bedroom | 2 Bedrooms |
|------------|-----------|------------|
| Lethbridge | \$1,054   | \$1,173    |
| Calgary    | \$1,562   | \$1,925    |
| Edmonton   | \$1,032   | \$1,293    |

\* Rentals.ca

**For information about living on campus, see page 28**

We work hard to offset the cost of tuition with scholarships and paid work-integrated learning opportunities for students.

# SCHOLARSHIPS

We have made it as simple as possible for you to apply for scholarships and awards. By completing both our general awards application and our undergraduate awards application online, you have access to approximately 90% of the available awards at ULEthbridge!

## Grade 11 Year

**June 30:** Grade 11 Merit Award

- Five Grade 11 courses are used to decide the award average and will follow the same formula as general admission (English 20-1, three academics and a fifth distinct course)
- Online award application must be sent in your Grade 11 year.

## Grade 12 Year

**December 15:** Board of Governors' Admission Scholarship

- The Board of Governors' scholarship rewards applicants new to post-secondary (attending directly from high school or who have not attended any other post-secondary institutions before applying to ULEthbridge) who apply early. This scholarship can be combined with ULEthbridge High School Awards and the Grade 11 Merit Award.
- Remember to apply early to maximize the value of your scholarships.

**March 15:** High School Awards

- Up to \$6,000 awarded to qualifying students

## Post-Secondary Transfer Awards

**June 15:** Transfer Awards

- Up to \$1,500 awarded to qualifying new transfer students (including post-diploma applicants) based on various criteria.

## Additional Financial Resources and Information:

- [ulethbridge.ca/ross/student-finance](http://ulethbridge.ca/ross/student-finance)
- [canlearn.ca](http://canlearn.ca)

- [univcan.ca](http://univcan.ca)
- [yconic.com](http://yconic.com)

## Awards for Indigenous Students

**Value: \$250 - \$5,000**

- More than 45 awards are available specifically for Indigenous students. These are granted primarily on academic achievement, although other criteria may also be considered. Eligibility may vary based on the program, year of study or Indigenous heritage.

All awards applications must be completed/sent through the Bridge. Use your student log in at [bridge.uleth.ca](http://bridge.uleth.ca)

**Walker English** was one of five students to receive a \$10,000 UL50 Golden Jubilee award when he started his ULethbridge story.

This funding helped him reduce the financial pressure of paying for tuition and textbooks and meant that he could focus on his student experience. Walker has been able to explore his options, make many friends and work on campus for the past two summers at the “coolest job” he’s ever had with Destination Exploration.

our scholarships  
and awards

A woman in traditional Blackfoot regalia, including a white and gold jacket with fringes and a large silver ornament, is smiling broadly. She is surrounded by other people in similar attire, some wearing feathered headdresses, in what appears to be an indoor cultural event or ceremony.

# OKI! WELCOME TO INISKIM SACRED BUFFALO STONE

ULethbridge pays respect to the Blackfoot people — past, present and future — while recognizing and honouring their rich cultural heritage, beliefs and relationship to the land. Our Blackfoot name is Iniskim, meaning Sacred Buffalo Stone, and was gifted to the University by Elder Bruce Wolf Child in 2002.

Since we opened our doors in 1967, Indigenous culture has been woven into the fabric of the University. Home to one of the first Indigenous Studies departments in Canada, ULEthbridge is committed to including Indigenous Peoples in our plans and actions. We continue to revitalize our curriculum and are pleased to offer Indigenous-focused majors in every area of study.

We have many spaces on campus dedicated to building community such as Ikaisskini (ee-gus-ganee) Indigenous Services. The Ikaisskini (Low Horn) Gathering Centre is a hub for the University's Indigenous outreach programs and events. In addition, the Tatsikiistamik Student Lounge is where students can gather, socialize and study together. Services are available for Indigenous students including several Smudge Rooms throughout campus, Elders, enrolment advising and Indigenous mentors.

### Did you know?

The Dhillon School of Business is the first business school in Canada to include an Indigenous course requirement in the Bachelor of Management program.

**Meet our Indigenous student support staff**

## **Student Enrolment and Registrar Services (SEARS)**

The SEARS team will be with you every step of your ULeithbridge journey, from recruitment to Convocation and everything in-between. SEARS serves students in a number of ways including admissions, campus tours, course registration, timetabling, student records, academic calendar, transcripts and more.

# FIND HELP WHEN YOU NEED IT!

## Academic Advising

Assists with course selection, program planning and program changes as well as registration for courses not offered via online registration. Each Faculty has its own academic advisors.

Future and first-year students can arrange enrolment advising appointments with a recruitment officer.

## Accommodated Learning Centre

Provides individual learning plans, exam accommodations, assistive technologies, alternate format textbooks and funding assistance as well as personalized supports.

## Career Bridge: Centre for Work-Integrated Learning and Career Development

Career Bridge brings together co-operative education, applied studies, career coaching and planning and the MyExperience Transcript. The team facilitates work-integrated learning and career development opportunities so all students benefit from exceptional academic and professional experiences.

## Counselling Services

Offers brief individual counselling at no cost. Counselling is confidential and can help students with a variety of personal issues like adjusting to university life, anxiety, relationships and more. Other services include group counselling, wellness workshops and certifications, as well as the Student Wellness Ambassador Program.

## Indigenous Mentors Program

Funded through a generous donation from Scotiabank, we offer two types of mentoring: youth and alumni. One pairs a current ULEthbridge Indigenous student with an Indigenous youth from the local community where participants spend time engaging in social activities. The other pairs a current ULEthbridge Indigenous student with an Indigenous alum who offers guidance and support.

## likaisskini Indigenous Services

Students who self-identify as Indigenous at ULEthbridge receive guidance, encouragement and support in the transition to university life and beyond.

## Health Centre

Convenient access to quality health care on campus. Whether you are from the Lethbridge area or are moving to attend ULEthbridge, you won't need to worry about finding a doctor while on campus. The Health Centre provides services including illness or injury treatment and health exams as well as mental health supports. Our diverse team includes physicians, psychiatrists, nurses, behaviourists, dietitian and administrative staff.

## International Centre

All ULEthbridge students can participate in international experiences and opportunities including study abroad and exchanges, summer study tours and international internships. International students receive support in all aspects of campus life as ULEthbridge students and visitors to our country.

## Scholarships and Student Finance

Whether it's through awards, bursaries, funding consultations, advice on budgeting, scholarships or student loans, our office is open to support the financial side of your education.

## Student Mentors

Student mentors are ULEthbridge students who provide guidance and support to new students as they transition to university life. Every new student is assigned a mentor who communicates via Mentor Mail and personal emails.

## Tutoring and Learning Strategies

Whether you need a little help with a particular course or just want some tips and tricks to make studying more efficient, we provide peer-run group tutoring and learning strategies to help you make the grade.

## Writing Centre

Provides practical writing support that supplements in-class instruction and helps you understand a wide variety of writing assignments. This is a free service for ULEthbridge students.

**Visit our website for a comprehensive list of our student support services.**

# RESIDENCE LIFE

Welcome to your home away from home. We believe residence is about more than accommodation: it's about building community and sharing experiences — essential for a smooth transition to university.

Living in residence is a great option, especially during your first year.

While all students are welcome to apply, priority for on-campus housing is given to non-local students.

Studies show that students who live on campus are more likely to have a successful academic experience.

When you live on campus, your home is within a 10-minute walk away from your classes, computer labs, food services, gym facilities, the Library and study spaces.

## What is included?

- Utilities
- High-speed Internet
- Emergency landline
- Fully furnished rooms
- Study rooms
- Communal areas with entertainment options
- 24/7 on call assistance
- Academic support right outside of your door

Residents belong to the largest student club on campus, the Organization of Residence Students (ORS). Each floor in Residence has residence assistants (RAs) who build community by coordinating events like bubble soccer, BBQs and study sessions. Have an idea for what you want to do on campus? Tell your RA so you can make it happen!

Our RAs are trained in emergency response, mental health first aid and standard first aid. They also uphold community standards, help with roommate disagreements and will connect you to services available at ULethbridge.

## What our students say about Residence:

**91%** Reported that they were satisfied or very satisfied living in Residence

**96%** Say that they felt safe or very safe and secure living in Residence

**88%** Reported that living in Residence had a positive or very positive impact on their transition to university

**92%** Would likely or very likely recommend living in Residence to friends / new students

**Want to see our Residences for yourself? Take a virtual tour!**

## Campus Safety

Your safety is our priority. Buildings have Closed-Circuit Television in public areas and are regularly patrolled by Security Services. Personalized electronic key fobs ensure only you have access to your room. Campus Safety also supplies a key-tag service in case you lose your keys on-campus or off.

## What's in a name?

To honour our relationships with local Indigenous communities, the early student housing developments are named after some of the signatories of Treaty 7 including Kainai, Piikani, Siksika and Tsuu T'ina.

## Apply for On-Campus Housing

Apply early since residence is not guaranteed and is in high demand.

### Applications open September

**15.** You can apply for residence after you have applied to ULethbridge and received your student identification number.

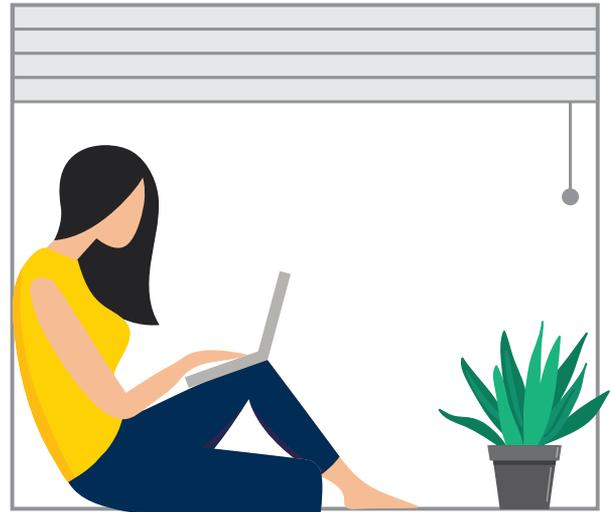

### You are considered a New University student if you:

- Enter straight from high school, or
- Take less than one year off following high school

Apply online to stay in the traditional-style dorms in University Hall (UHall), or one-, two-, four, or six-bedroom apartments in Aperture Park.

**To learn more about  
Housing and to apply**

**You are considered a Transfer or  
Mature student if you:**

- Enter after studying at another post-secondary institution, or
- Take two or more years off following high school

You can apply online to live in a studio or four-bedroom apartments in Mount Blakiston House or the two- or four-bedroom townhomes in Siksika House and Tsuu T'ina House.

## Dining Plans

Living away from home for the first time is an exciting journey; with a dining plan, your transition to university is supported by having convenient access to a variety of nutritious meals. The best part? You won't have to do the dishes!

New University students living in residence must buy a Commuter or Standard dining plan (8-month contract).

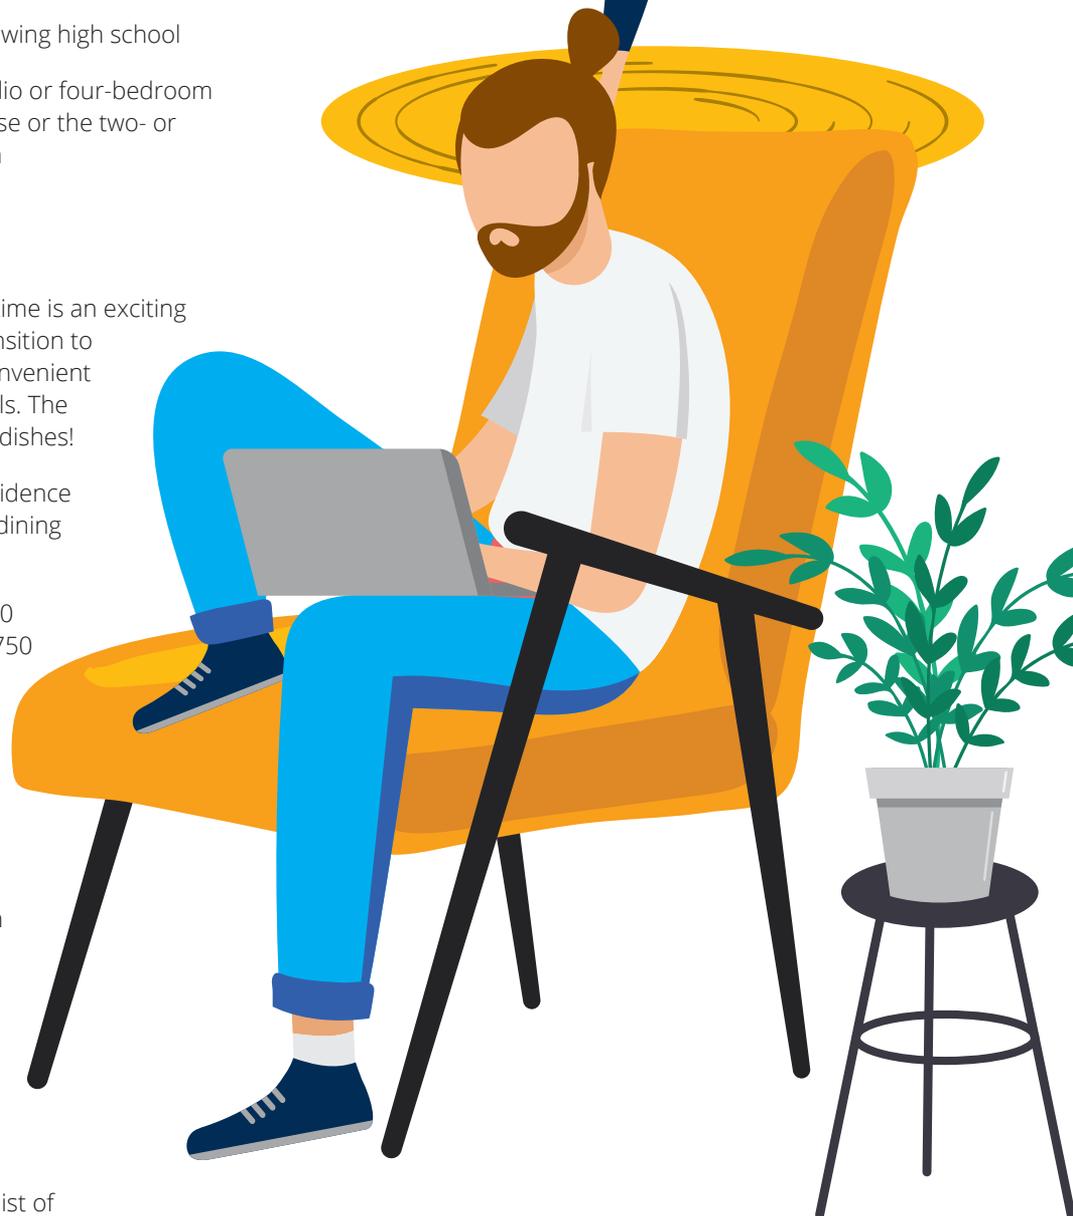

Commuter (lite appetite) from \$4,100  
Standard (hearty appetite) from \$4,750

Keep in mind that you can also add money to your plan at any point throughout the year.

Transfer or mature students don't have to buy a dining plan, but if you're not interested in doing the shopping, cooking and dishes, it's an excellent choice!

## Off-Campus Housing Registry

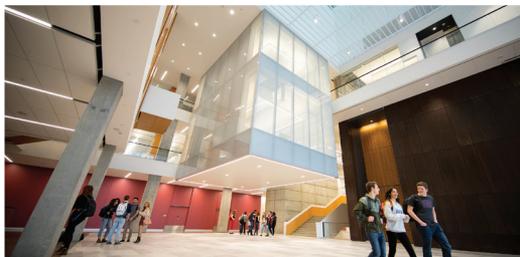

One of the benefits of living in a student-oriented city is that we have extensive off-campus housing options nearby. We have a list of off-campus housing options available to help students find rental accommodation in Lethbridge.

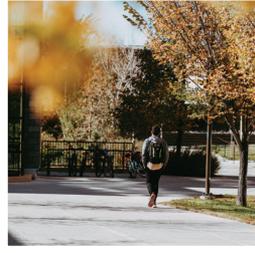

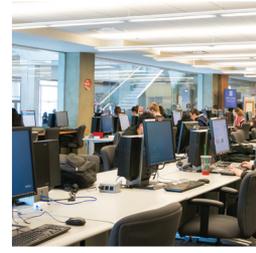

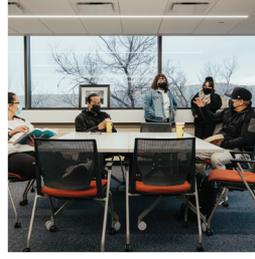

# SPACES AND PLACES

Where you learn shapes how you learn. Whatever your program, our world-class facilities will inspire you.

# THIS IS PRONGHORN COUNTRY

## Pronghorn Varsity Teams

**Basketball** (men's and women's teams)

**Rugby** (women's team)

**Soccer** (men's and women's teams)

**Swimming** (combined team)

**Track and field** (combined team)

## Competitive Clubs

**Golf** (men's and women's teams)

**Ringette** (women's team)

**Curling** (men's and women's teams)

Coaches recruit the majority of Pronghorn student athletes prior to the start of the season. However, each varsity team will hold an open try-out in the weeks leading up to their season. Visit [gohorns.ca](http://gohorns.ca) to see the schedule and to get in contact with a Pronghorn coach.

## 2021-2022 Pronghorn Highlights

- Apollo Hess (pictured) breaks the Canadian record for the 50m breaststroke taking home the gold and wins two other individual medals (100m silver, 200m gold in breaststroke) at Usports Championships. The men's relay team also took home silver in the 4x100 Free and 4x100 Medley crushing the old Pronghorn records.
- Track and Field swept the podium at Canada West for men's weight throw and brought home seven medals from the event. Keeping that momentum Jinaye Shomachuk won silver in women's weight throw at Usports Championships along with Andreas Troschke and Brayden Klippenstein winning silver and bronze in the men's.
- Men's and women's basketball had strong years with the woman's team earning a top-two finish in the Central West Conference with the men placing in the top-three
- Nearly half of all Pronghorn Athletes earned Academic All Canadian status

**With student club events, fine arts productions, cultural celebrations, athletic activities and just hanging out with friends, campus is bustling all year long.**

### The Herd

Show your Pronghorn pride. Join the Herd, a student-led spirit squad that passionately supports our teams throughout the year. Meet new people, gain free admission to every Pronghorns game and cheer on our teams. Go Horns!

### Stay fit, have fun!

We have many opportunities for students to take part in recreational activities like curling, fencing, karate, fitness classes and wellness programs. There are also several intramural programs to choose from, including favourites like dodge ball, floor hockey and Ultimate Frisbee.

### Prairie Baseball Academy

With a partnership that's nearly 30-years strong, we are proud to be associated with one of the best baseball academies in Canada. The PBA attracts players from across Canada.  
[prairiebaseball.ca](http://prairiebaseball.ca)

### University of Lethbridge Students' Union (ULSU)

The ULethbridge Students' Union is your voice at the University and at all levels of government. It also provides student health and dental plans in addition to organizing some of the best events of the year — cabarets and karaoke at the Zoo (our campus pub), Fresh Fest and various awareness weeks to name a few! Any

student can run for an executive or representative position.  
[ulsu.ca](http://ulsu.ca)

### Student clubs

Whether dance, business, model UN, program-based groups, or other interests, student clubs are the best way to get involved and have fun outside of class hours. There are nearly 100 student clubs on campus that provide social and athletic activities, travel, religious fellowship, and charitable and cultural support. If the club you want doesn't exist, it's easy to start one!  
[clubs.ulsu.ca](http://clubs.ulsu.ca)

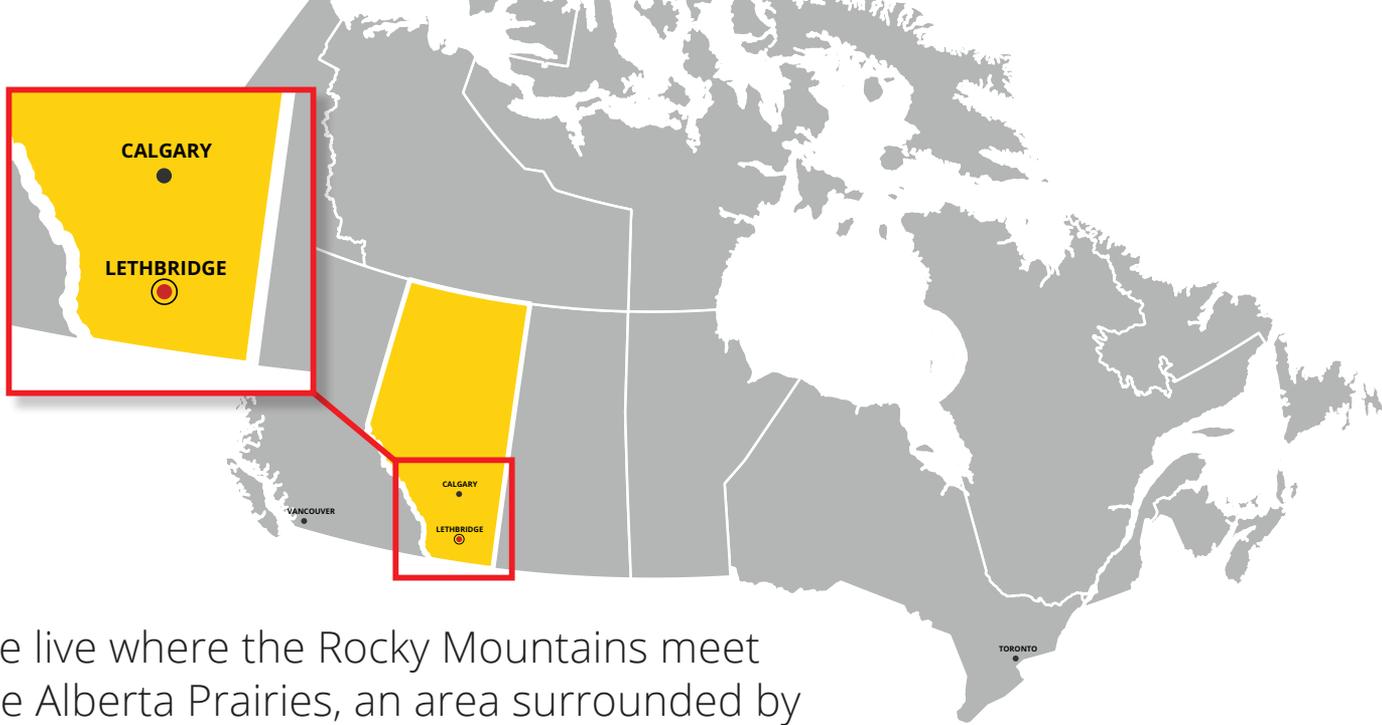

# LIFE IN LETHBRIDGE

With  
the **Rocky  
Mountains in  
our backyard**, there  
are amazing hiking,  
biking and skiing  
opportunities  
close by.

**Lethbridge is  
only two hours  
from Calgary's  
International Airport**  
and about an hour to  
the United States  
border (by car).

We live where the Rocky Mountains meet the Alberta Prairies, an area surrounded by big skies, vast plains, rolling river valleys and a spectacular view of snow-topped mountain peaks.

Home to more than 100,000 people, Lethbridge is a place where ideas grow. With both a university and college, Lethbridge is a campus community. Culturally vibrant with a flourishing arts scene and active social calendar, we boast a stunning backdrop of the legendary High Level Bridge and the Oldman River, four distinct seasons, spectacular sunrises and glowing sunsets that illuminate Alberta's big sky.

### Just a few things to do in Lethbridge:

- Take an electric scooter or bike across the entire city
- Go hiking or running on one of the many trails in the coulees
- Attend a concert at one of several venues in the city
- Shop or dine at one of 40+ locations downtown offering ULethbridge student discounts
- Watch a drive-in movie at the Movie Mill
- Float down the Oldman River in the summer sun
- Get your culture on at SAAG, Casa, Nikka Yuko Japanese Gardens or the Galt Museum

- Experience nature at the Helen Schuler Nature Centre
- Play a round of golf at one of five courses, or disc golf at one of three courses in Lethbridge — including one on our campus!

### Want to explore?

Four UNESCO World Heritage sites, national and provincial parks and world-class hiking, skiing and cultural attractions await!

# SEVEN STEPS TO APP

1

## Pick a program

We have 150+ programs to choose from.

2

## Review admission requirements

Find out if you have the requirements for your program of choice.

## Apply online

It's easy! The cost to apply is \$140. Scan the QR code to submit your online application.

*Note: All completed applications submitted before December 15 will be considered for the Board of Governors' Admission Scholarship, worth up to \$1,000.*

## Apply for residence!

Our residences are in high demand, so if you're interested, apply online asap!

**Want to live off-campus?  
Check out our off-campus housing website.**

## Apply for awards

We have several scholarships and awards with deadlines ranging from December 15 to June 30.

# LY

## Check for additional program requirements

Some programs have requirements in addition to our general admission requirements.

## Send us your grades

If you went to school in Alberta, we will get them automatically.

Questions? Contact [inquiries@uleth.ca](mailto:inquiries@uleth.ca)

# We can't wait to meet you!

We're excited to show you around campus and introduce you to our students, faculty and staff.

Let us know when you would like to visit. We will help you create a schedule for your visit and contact you with the details.

## Take a campus tour

One of our tour guides will show you around campus, highlighting ULEthbridge's many features and facilities.

## Be a student-for-a-day

We will pair you with a student volunteer in the program you're interested in. You'll attend classes, labs and even go for lunch, our treat. Student-for-a-day is currently available on the Lethbridge Campus only.

Scan the QR code to book your tour or student-for-a-day

## Book an enrolment advising appointment

Have all your questions about admission, programs and more answered in a one-on-one session in-person, over the phone, in your community or online.

You may also want to combine a meeting with a campus tour. Scan the QR code to book now.
